

## **Exhibit B**

### **Apple REIT Six, Inc. Audit Committee Charter**

This charter governs the Audit Committee. The Committee shall review and reassess the charter at least annually and obtain the approval of the Board of Directors to the charter annually.

#### *Structure and Membership*

The Committee shall be appointed by the Board of Directors and shall consist of at least three directors, each of whom is independent of management and the Company within the meaning of the rules of the New York Stock Exchange ("NYSE"). All Committee members shall be financially literate, or shall become financially literate within a reasonable period of time after appointment to the Committee, and at least one member shall have accounting or related financial management expertise, within the meaning of the NYSE rules.

#### *Statement of Policy*

The Audit Committee shall provide assistance to, and serve as the representative of, the Board of Directors in fulfilling its oversight responsibility to the shareholders, potential shareholders, the investment community, and others relating to the Company's financial statements and the financial reporting process, the systems of internal accounting and financial controls, the internal audit function, the annual independent audit of the Company's financial statements, and the legal compliance programs as established by management and the Board. In so doing, it is the responsibility of the Committee to maintain free and open communication among the Committee, independent auditors, the internal auditors and management of the Company. In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and personnel of the Company, and the power to retain outside counsel, or other experts, for this purpose.

#### *Responsibilities and Processes*

The primary responsibility of the Audit Committee is to oversee the Company's financial reporting process on behalf of the Board and report the results of its activities to the Board. Management is responsible for preparing the Company's financial statements, and the independent auditors are responsible for auditing those financial statements. The policies and procedures of the Committee should remain flexible, in order to best react to changing conditions and circumstances. The Committee should take the appropriate actions to set the overall corporate "tone" for quality financial reporting, sound business risk practices, and ethical behavior.

The following shall be the principal recurring processes of the Audit Committee in carrying out its oversight responsibilities. The processes are set forth as a guide with the understanding that the Committee will supplement them as appropriate.

- The Committee shall have a clear understanding with management and the independent auditors that the independent auditors are ultimately accountable to the Board and the Audit Committee, as representatives of the Company's shareholders. The Committee shall have the ultimate authority and responsibility to evaluate and, where appropriate, replace the independent auditors. Annually, the Committee shall review and recommend to the Board the selection of the Company's independent auditors, subject to shareholders' approval, if appropriate.
- The Audit Committee is responsible for ensuring that the independent auditors submit on a periodic basis to the Audit Committee a formal written statement delineating all relationships between the auditors and the Company, and the Audit Committee is responsible for actively engaging in a dialogue with the independent auditors with respect to any disclosed relationships or services that may impact the objectivity and independence of the auditors, and for recommending that the Board of Directors take appropriate action in response to the auditors' report to satisfy itself as to the auditors' independence. The Committee shall discuss with the auditors their independence from management and the Company and the matters included in the written disclosures required by the Independence Standards Board.
- The Committee shall discuss with the internal auditors and the independent auditors the overall scope and plans for their respective audits including the adequacy of staffing. Also, the Committee shall discuss with management, the internal auditors, and the independent auditors the adequacy and effectiveness of the Company's accounting and financial controls, including the Company's system to monitor and manage business risk, and legal and ethical compliance programs. Further, the Committee shall meet separately with the internal auditors and the independent auditors, with and without management present, to discuss the results of their examinations.
- The Committee shall review the interim financial statements with management and the independent auditors prior to the filing of the Company's Quarterly Reports on Form 10-Q. Also, the Committee shall discuss the results of the quarterly review and any other matters required to be communicated to the Committee by the independent auditors under generally accepted auditing standards. The chair of the Committee may represent the entire Committee for the purposes of this review.
- The Committee shall review with management and the independent auditors the financial statements to be included in the Company's Annual Report on Form 10-K (and the annual report to shareholders), including their judgment about the quality, not just acceptability, of accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements. Also, the Committee shall discuss the results of the annual audit and any other matters required to be communicated to the Committee by the independent auditors under generally accepted auditing standards.
- The Committee shall undertake all actions requisite to the preparation of an annual report of the Audit Committee, as required by the rules of the Securities and Exchange Commission, and shall cause such report to be prepared and included in the Company's proxy statements, all as required by such rules.

- Additionally, the Audit Committee will:
  1. Hold no less than three regularly scheduled meetings each year, and other meetings from time to time as may be called pursuant to the Company's Bylaws.
  2. Review with representatives of the independent auditors:
    - a. The plan for and scope of its annual audit of the Company's financial statements.
    - b. The results of the annual audit.
    - c. Any recommendations with respect to internal controls and other financial matters, including any perceived weaknesses in the Company's internal controls, policies, and procedures.
    - d. Any significant changes made by management in the basic accounting principles and reporting standards used in the preparation of the Company's financial statements.
  3. Review the extent of any services outside the audit area performed for the Company by its firm of independent auditors.
  4. Review the fees proposed by the Company's independent auditors for their services.
  5. Review the work of the Company's internal audit department with the internal auditors including management's responses to recommendations made and plans for future audit coverage.
  6. Make such other recommendations to the Board on such matters, within the scope of its functions, as may come to its attention and which in its discretion warrant consideration by the Board.
